Home Automation Made Easy

Pet Tag

- Get alerts when someone scans Pet Tag's custom QR code so you know they've been found.
- Automatically share a personalized Pet Profile with photos, medical info, and more.
- Get contacted by your pet's rescuer by call or text - without either of you sharing personal info or numbers.
- Switch on Lost Pet Mode to start sharing your Pet Profile and a personalized message with your local Ring app community—all in a few taps.
- Easily upload your pet's picture to Petco Love Lost to get a list of similar animals found at nearby shelters and around the community—so if you see your pet, you'll know who to contact.
- No subscription, batteries or fees required.
